## **DETAILED ACTION**

### ***Acknowledgment***

1. This Office Action is responsive to the Amendment filed on 7/16/02.

### ***Claim Rejections - 35 USC § 102***

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 2-14 and 16-28 are rejected under 35 U.S.C. 102(b) as being anticipated by Sawahashi et al (5,748,623).

As shown in figures 3-7, Sawahashi teaches QPSK transmitter and receiver for transmitting and receiving QPSK waveforms comprising providing data signal having I-component and Q-component (11-14), biasing at least one of I-component and Q-component with an offset (45), generating QPSK waveform (17) and transmitting the QPSK waveform (18, 19, 22, 23, 56). See also column 7, line 9 to column 10, line 42.

### ***Response to Arguments***

4. Applicant's arguments with respect to claims 2-14 and 16-28 have been considered but are moot in view of the new ground(s) of rejection.

***Conclusion***

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Reference Stroud (6,396,880) is cited because it is pertinent to QPSK transmitter having offsetting I and Q components.
6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
